There was a mistake in Equation (6) of our paper. The equation should read

$$\phi(x, y) = \frac{\delta}{2\beta} \ln \left(\mathcal{F}^{-1} \left\{ \frac{\mathcal{F}[I(x, y)/I_0(x, y)]}{1 + [\lambda z \delta / (4\pi\beta)] (u^2 + v^2)} \right\} \right) . \quad (6)$$
